

00:00:08.576,00:00:11.576

Tracy Deavers: To view the presentation, click people, find James Haas (Presentation) and then press the down arrow and then the pin button. This will allow the presentation to be seen on your computer. We will also post this to the District Website

00:00:28.349,00:00:31.349

Tracy Deavers: This is being recorded so as to have it watched by those who cannot attend tonight

00:11:42.714,00:11:45.714

Zach Reynolds: Very Bad Echo James

00:14:10.230,00:14:13.230

Zach Reynolds: disregard

00:16:40.775,00:16:43.775

: Is there sound?

00:17:01.766,00:17:04.766

Tracy Deavers: There is sound-Dr Pauli is currently speaking

00:17:37.644,00:17:40.644

Wendy: I had no sound either, so I called in too.

00:18:30.340,00:18:33.340

: I figured it out thank you

00:19:25.056,00:19:28.056

Mike: Are you basing any of your decisions on President Trump's threat to cut off funding to public schools?

00:21:18.219,00:21:21.219

Dennis Pauli: No, none of our decisions were based on cutting off funding to schools.

00:21:39.813,00:21:42.813

: What CDC guidelines will be upheld? Masks? Barriers?

00:21:55.891,00:21:58.891

Dennis Pauli: We'll be discussing this soon.

00:22:01.905,00:22:04.905

: Thank you

00:22:37.648,00:22:40.648

Carmen N: School was closed in early March as a protective measure to limit community spread. What has changed since March to make populating schools safe for the community?

00:23:55.952,00:23:58.952

Molly Vierck: how comparable/equitable do you feel in person instruction be compared to virtual learning options?

00:24:18.579,00:24:21.579

Mike: Will these survey's be sent out to people in Dane County to? Last time they were not.

00:25:07.851,00:25:10.851

: The CDC guidelines are total BS. I refuse to send my child back if he is required to wear a mask

00:25:17.047,00:25:20.047

: Masks do nothing

00:25:19.126,00:25:22.126

Tracy Deavers: We are working to ensure that in person and online instruction will be equitable. We will have more control and oversight with the Edgerton Virtual but the JEDI Virtual also bases their curriculum off the Common Core Standards like we do.

00:25:59.520,00:26:02.520

: Let's not follow Dane county's example

00:26:03.625,00:26:06.625

Mike: right here is your problem

00:26:03.712,00:26:06.712

Tracy Deavers: We will make sure that surveys are sent to all of our families utilizing our online system. These will be Digital Surveys for you to complete

00:26:59.752,00:27:02.752

Bob Feggstad: Will mask usage requirements be decided before we have to fill out the survey for fall in person or virtual instruction choice?

00:27:05.852,00:27:08.852

Rachelle Purington: We live in Dane County, we received the survey.

00:27:16.569,00:27:19.569

Erin Smerchek: So where there is a case at school, how will that be handled

00:27:18.991,00:27:21.991

Michael DeVries: Just because 70% of parents THINK masks are unimportant doesn't necessarily make them unimportant.

00:27:31.378,00:27:34.378

: They're dangerous

00:27:31.416,00:27:34.416

Christy Byrne: How about adding to the survey those families and children that immune compromised before deciding CDC is "BS" on masks as a preventative measure for ALL students attending.

00:27:56.664,00:27:59.664

Tracy Deavers: If a case comes up at school, we will be following the health departments guidance on how to handle the situation

00:28:11.958,00:28:14.958

Morgen Teal: How can we insure our asthma kiddos are breathing ok if masks are required? Will there be exemptions for masks? My ASD kiddo wont be able to wear one as well.

00:28:28.796,00:28:31.796

Amanda Stankus: I know we're in the preliminary stages of planning for this, but has there been any thought on those students who ride the bus to school?

00:28:29.454,00:28:32.454

Becky Fjelstad: How are you going to deal with social distancing?

00:28:39.455,00:28:42.455

: Will there be an online/google classroom only option offered for students for the 8% that are not comfortable with their children returning?

00:28:48.695,00:28:51.695

Rachelle Purington: Will all students and staff have there temperature taken before going into the building, or better yet, before getting into the bus if they ride bus?

00:28:59.738,00:29:02.738

Zach Reynolds: I also would like Carmen N's question addressed

00:29:00.668,00:29:03.668

Cassandra Riley: My concern is students should not be sent to school with respiratory symptoms. Cough hygiene and hand hygiene should have a bigger emphasis and be part of the curriculum for 4k-2nd grade, and temperatures should be taken at the door before kids enter school.

00:29:06.274,00:29:09.274

Tracy Deavers: We will be talking about transportation in upcoming slides

00:29:54.101,00:29:57.101

Amanda Stankus: ok thank you

00:30:44.011,00:30:47.011

Erica Anderson: I have the same question as Bob F.

00:30:55.738,00:30:58.738

Meredith Stensven: Will middle schoolers be changing classrooms or stay in one homeroom all day (with different teachers coming to them)?

00:30:58.769,00:31:01.769

Dennis Pauli: The parent survey was developed by Rock County school districts. Dane County districts conducted individual district surveys instead of a county survey.

00:31:07.199,00:31:10.199

Rachelle Purington: Parents can start now with hand washing and elbow coughing.

00:31:08.221,00:31:11.221

Mike: My wife is immune compromised. The President of the United States is telling me that if our schools don't open we don't get funding and my kids have to go to school. What should I do?

00:31:35.425,00:31:38.425

Tracy Deavers: We are currently working on limiting transitions at the Middle School. More to come on that as we ensure a sound schedule and staffing

00:31:49.427,00:31:52.427

: Homeschool

00:31:56.689,00:31:59.689

steve: What does Dane co health dep have to do with rock co two totally different population levels

00:32:17.871,00:32:20.871

Erin Smerchek: What about kids that are in middle and high school? (Science and math grade advanced)

00:33:01.640,00:33:04.640

Rachelle Purington: I'm sure there are people who live and shop and socialize in Rock County

that work and shop in Dane County...

00:33:07.396,00:33:10.396

Tracy Deavers: We are working on a plan for the students who travel to the high school for advanced classes. We will communicate that as soon as it is in place

00:33:26.399,00:33:29.399

steve: so when do we have to register our kids for home school if you require mask

00:33:31.382,00:33:34.382

Drew Wellman: Students with special needs, including those who have sensory issues related to masks or other PPG, will have individual plans addressing their needs

00:33:44.509,00:33:47.509

: Schools won't open.. things will calm down after the election..

00:33:49.141,00:33:52.141

Cassandra Riley: Dane county has more resources than rock, and any applicable data and ideas are useful

00:34:33.452,00:34:36.452

Amy Hitchcock: will outdoor classes be considered on nice days to help students distance

00:34:44.462,00:34:47.462

: Covid is airborne transmission. What is the air exchange rate with HVAC systems at the school?

00:34:51.516,00:34:54.516

Cassandra Riley: In a Healthcare setting we use hand sanitizer very frequently and the increased access in school is a great idea

00:35:04.044,00:35:07.044

Drew Wellman: The HVAC system will be addressed soon

00:35:16.529,00:35:19.529

: 🙄

00:35:16.871,00:35:19.871

Dennis Pauli: We are early in our plans for transportation. We will have a recommendation that is presented to the School Board on July 27. We'll touch on this tonight.

00:35:32.954,00:35:35.954

BC: so rooms with tables will have desks now?

00:35:49.169,00:35:52.169

Michael Martin: Be careful on what hand sanitizer you get!

00:35:57.565,00:36:00.565

Tracy Deavers: We will definitely use the outdoors when we can. PE is frequently outside and other classrooms have also taken advantage of this in the past

00:35:59.181,00:36:02.181

Jaime Manier: In the beginning of this you said things change every day. There is still no proof to this day that masks are effective, rather they are worse unless you are sick. Our kids need oxygen. This is just not a good idea. Parents need to keep their children home if they are sick and we as parents can be taking temperatures. Thank you for all you are doing! It seems you are being very mindful and smart!

00:36:23.631,00:36:26.631

Erin Smerchek: Yahara doesn't have air conditioning. How are you dealing with airflow there?

00:36:32.677,00:36:35.677

: Schools will not open. Mark my words. Democrats won't allow it

00:36:57.121,00:37:00.121

Drew Wellman: Yahara has air conditioning that will be in place at the start of the year

00:37:00.547,00:37:03.547

Cassandra Riley: Please lets all keep the politics out of the comments and listen to the meeting

00:37:06.713,00:37:09.713

Nicholas Guerra: What do teachers and support staff feel about your plan.

00:37:12.096,00:37:15.096

cdbreunig477@gmail.com: Please keep politics out of this

00:37:17.541,00:37:20.541

Zach Reynolds: agreed

00:37:23.356,00:37:26.356

Christy Byrne: Agreed

00:37:29.439,00:37:32.439

April Spigarelli: agreed

00:37:39.328,00:37:42.328

Dennis Pauli: We will make every effort to maintain proper social distance, however we can't guarantee this will occur 100% of the time. There is increased risk in sending children to school versus keeping them at home. We will make every effort to minimize this risk.

00:37:40.982,00:37:43.982

Morgen Teal: Agreeex

00:37:58.631,00:38:01.631

Jaime Manier: What about 4K and kindergarten.... they will definitely share! 😊

00:38:06.080,00:38:09.080

: It's all politics people. Wake up

00:38:15.883,00:38:18.883

Joseph Bentancur: yahara just had AC units delivered this past week!!

00:38:23.037,00:38:26.037

Mike: Again, My wife has MS, which this disease is fatal to, should my kids go to school? Answer the big questions please.

00:38:24.501,00:38:27.501

TINA: This isn't about politics, but rather a "national HEALTH epidemic". We all want to stay safe and be healthy.

00:38:36.006,00:38:39.006

Drew Wellman: We had a town hall meeting with staff today and it went well. Additionally, we are soliciting their feedback regarding this provisional plan. Their voice is critical to our plans as we move forward.

00:38:38.038,00:38:41.038

Nicholas Guerra: Why would you use a lunchroom, can they eat in their classrooms

00:38:42.112,00:38:45.112

Christy Byrne: At what point prior to the start date of school and state/ county active positive numbers determine not opening to full in school classes

00:38:45.814,00:38:48.814

Cassandra Riley: Great news about the ac, the kids get so hot the first week of school!

00:39:00.479,00:39:03.479

Michael Martin: Has anything come up with rotating days kids go to school?

00:39:07.719,00:39:10.719

: Plandemic

00:39:18.275,00:39:21.275

Dennis Pauli: At this time we are not planning on doing temperature checks for students or staff. We will emphasize self-reporting from parents and staff if a student or staff member display any symptoms of COVID-19.

00:39:29.310,00:39:32.310

Hailey's Life: Please be respectful and listen

00:39:31.514,00:39:34.514

Kristina Miller: Thank you Dennis Pauli. Please leave meeting if you are going to start rant on politics. It's about our kids & their education.

00:39:34.585,00:39:37.585

steve: why wouldnt you use the lunchroom

00:39:34.670,00:39:37.670

cdbreunig477@gmail.com: How is school lunch being dealt with?

00:39:37.567,00:39:40.567

Drew Wellman: At this time we are not looking at a plan that has kids coming on a rotation of days

00:40:37.519,00:40:40.519

Nikole Johnsen: Will class sizes be smaller to keep students and staff with a smaller cohort?

00:40:40.773,00:40:43.773

Tracy Deavers: We are discussing the possibility of eating in locations other than lunchrooms but our building principals are working to schedule lunch in the lunchroom and doing so with social distancing

00:40:51.488,00:40:54.488

Beth Hardtke: What will be the district policy if we encounter a positive case? Close the school? How long?

00:41:15.645,00:41:18.645

Erik Anderson: I am unsure if this will be cost effective but Global Plasma Solutions makes products that can be installed in the ventilation system that kill the Covid virus.

00:41:25.392,00:41:28.392

Ryan Foley: Thank you, Mr. Haas, for your candor and comments grounded in authentic understanding of schools and parental concern. They have been the most helpful in the first 1/2

hour.

00:41:28.903,00:41:31.903

Elizabeth Lamont: You mentioned a blended or hybrid plan. What would that look like in elementary? I am not comfortable sending my 3rd grader daily but I also will have to report to work and teach in Janesville so I can not keep her home daily.

00:41:31.501,00:41:34.501

Amanda Lyga: What is the guidance for a positive case.

00:41:33.459,00:41:36.459

Tracy Deavers: If a positive case comes up, we will be working with the health department to determine the next steps

00:41:40.980,00:41:43.980

Nicholas Guerra: Other school districts are planning on having lunch in class rooms. Seems to make most sense to limit contact if some does get sick.

00:41:55.784,00:41:58.784

Dennis Pauli: We have students that live in both Dane County and Rock County. We must be mindful of the guidelines and orders from both counties as a result.

00:42:43.862,00:42:46.862

Becky Fjelstad: Will this upcoming school year require more staffing?

00:43:10.733,00:43:13.733

Dennis Pauli: July 28, we will inform families of the plan approved by the School Board and survey parents at that time of their preference for service delivery.

00:43:45.108,00:43:48.108

Betsy MacDonald: What adjustments will be made for 4k in regards to distancing? I thought CDC guidelines were 10 to a class?

00:43:46.364,00:43:49.364

Michael Martin: This is tough, no easy answers

00:44:22.762,00:44:25.762

: I like Erik Anderson's idea....can we boost the the air exchange rate or do something along the lines of what Erik said?

00:44:30.568,00:44:33.568

Amanda Reiner: I thought the DPI recommended 4 day school weeks?

00:44:34.054,00:44:37.054

Dennis Pauli: We are installing AC at Yahare beginning this week.

00:44:40.439,00:44:43.439

Mike: you are not saying the anything. While I kind of get it Dennis, you haven't really answered anything.

00:44:54.458,00:44:57.458

cdbreunig477@gmail.com: How will the grading system be adjusted for the year if you start in school but end up doing a virtual method?

00:44:58.072,00:45:01.072

Cassandra Riley: Without a temperature check, can we have teachers/school nurse screen and if needed isolate kids that are sent to school with active respiratory symptoms so the rest of the students aren't exposed? Too many coughing/sneezing kids are sent to school and sending sick kids home at the start of the day is an easy way to mitigate spread of illness.

00:45:02.195,00:45:05.195

Lori Moore: My child has anxiety. All this is going to be to much. Let be real I worked in a school district. Parents have to work, so there going to give them meds and send them to school. Teachers and staff come in sick all the time. You can't clean every thing every night. Custodian are to big. So are you going to add more Custodian

00:45:26.819,00:45:29.819

Tracy Deavers: One of DPI's recommendations was 4 days a week. They also had other recommendations. We are confident that we can do our cleaning thoroughly each night to have our students here 5 days a week

00:45:28.308,00:45:31.308

Dennis Pauli: We shared this presentation with our staff earlier today. Principals will follow up with staff as we move further with our planning.

00:46:02.386,00:46:05.386

April Spigarelli: Appreciate the regular communication on this wholeheartedly. I would like to point out that the question that got 85% approval at the elementary level for in-person instruction was worded in a way that one could assume it was referencing attendance in person AT ALL. So some folks could have thought that meant a rotating schedule, as keeps getting discussed in the media. Any additional surveys should clear up this language to be VERY clear.

00:46:21.810,00:46:24.810

Drew Wellman: We will have enough custodial staffing to thoroughly clean our buildings each evening

00:46:23.660,00:46:26.660

: Healthcare organizations continue to screen for temperatures and illness symptoms upon arrival.

00:46:37.597,00:46:40.597

Zach Reynolds: agreed April

00:47:04.021,00:47:07.021

Nicholas Guerra: How many custodians are at the elementary school?

00:47:04.653,00:47:07.653

Julie Satterlee: I think not considering a rotation of kids on different days is a mistake. It looks like our only choice is all at school or all online with band, etc being different. Too many kids will be in those classrooms!

00:47:19.106,00:47:22.106

Amanda Lyga: Agreed April

00:47:26.051,00:47:29.051

Tracy Deavers: Thank you April for that feedback on the survey question. We will make sure we clarify that on the next survey.

00:47:27.729,00:47:30.729

Dennis Pauli: At this time our plan does not include rotating days for students.

00:47:28.072,00:47:31.072

Michael Martin: Who going to monitor the social distancing? Will kids get in trouble?

00:47:45.268,00:47:48.268

Mike: will there be a chance for us to talk about theses things on this platform? because I think we have some ideas

00:47:45.415,00:47:48.415

Beth Hardtke: How will you ensure compliance with any health guidelines the district decides on such as masks? Clearly, there isn't community agreement. Also, if parents are expected to keep children home with any respiratory symptoms will the school's attendance policy be changed so that parents aren't held to the 10 days excused absence policy?

00:48:22.322,00:48:25.322

Drew Wellman: Mike - regarding your question about your wife's health challenges, our goal is to provide enough information today (and into the future) that you can make an educated decision on what option of school fits best for your family

00:48:25.821,00:48:28.821

Cassandra Riley: The absence policy should be amended to not hold it against you for respiratory illness

00:48:51.615,00:48:54.615

Teresa Dixon: Can you cluster classes by bus route to some degree to reduce multiple exposures

00:49:02.296,00:49:05.296

Amanda Reiner: How can I be sure that children with special needs will still receive the services they need to be successful?

00:49:26.015,00:49:29.015

Drew Wellman: Student attendance policies will be very flexible this year to accommodate the many variables that will impact attendance this year

00:49:29.342,00:49:32.342

Tracy Deavers: We are working with Go Riteway on some procedures to help limit exposure while riding the bus

00:49:41.376,00:49:44.376

Amanda Stankus: good idea Teresa

00:49:59.491,00:50:02.491

Mike: ill be there on July 27th to

00:50:13.662,00:50:16.662

Rachelle Purington: I like Teresa's idea of class- and bus ride-mates.

00:50:14.832,00:50:17.832

Carmen N: If one child is showing symptoms, we there be a rule for all students in the same family staying home as well?

00:50:15.953,00:50:18.953

Molly Vierck: will families be allowed to change their education plan)moving from virtual to in person or vice versa)

00:50:19.308,00:50:22.308

Michael Martin: How do the students actually feel with all of these changes? It has to affect them.

00:50:19.683,00:50:22.683

Amanda Lyga: How about if a child has respiratory illness but can still get the online schooling so they don't miss anything.

00:50:27.268,00:50:30.268

Morgen Teal: I also share concerns with amanda. Im seeing regression in my Asd kiddo already.

00:50:28.980,00:50:31.980

Drew Wellman: Students with special needs have their IEP team that is ready to collaborate with families to ensure their needs are met. You can always call me to discuss your students circumstances and we can problem solve together.

00:50:38.623,00:50:41.623

Amanda Reiner: What about families that feel comfortable traveling to high Covid outbreaks? Will they be required to quarantine when they come back?

00:50:44.428,00:50:47.428

Cassandra Riley: Exactly Amanda, 100% online learning for sick kids

00:51:13.158,00:51:16.158

John Jennings: For children that are sent home sick, or stay home due to illness, are there guidelines or protocols to return to school? 2 week quarantine? Covid test?

00:51:14.971,00:51:17.971

Lori Moore: So how about during the day when kid are there. 1 custodian person isn't going to cut it

00:51:29.411,00:51:32.411

Nicholas Guerra: Agree

00:52:11.274,00:52:14.274

Cassandra Riley: Can the district increase funding for custodians?

00:52:57.727,00:53:00.727

Brenda Ahrens: Hopefully COVID vaccine comes real soon. That will help everyone move forward.

00:53:12.415,00:53:15.415

Erin Smerchek: What services will be available for students that are not good virtual learners, but do not have IEPs

00:53:22.727,00:53:25.727

Beth Hardtke: Will the district be able to provide more details on what the differences will be

between the Edgerton Virtual Learning and JEDI? Will the Edgerton Virtual Learning program be more rigorous than what was provided this spring?

00:53:33.395,00:53:36.395

Mike: I am Underwhelmed by this report.

00:53:41.263,00:53:44.263

Charity Zych: i already registered my kids and signed up for bussing. Who should I tell that bussing my kids is not essential for out family, more ona convenience. I have no problem bringing them to school myself to open up room for other families that need it. Do It ell Riteway?

00:54:10.850,00:54:13.850

Drew Wellman: Erin - knowing your situation it would be great to connect in the near future to chat about options

00:54:11.185,00:54:14.185

Tracy Deavers: Charity-please contact Go Riteway with your change in bussing. Thank you!

00:54:19.233,00:54:22.233

Jon Lamb: This is great stuff. Thank you for staying vigilant and informing us

00:54:20.844,00:54:23.844

Charity Zych: thanks

00:54:26.099,00:54:29.099

: Know one knows what's going on. The situation is so fluid.

00:54:29.192,00:54:32.192

Beth Hardtke: Also, can parents move between models? As in start out in virtual and move to in-person depending on their family needs and pandemic situation? Maybe even change multiple times throughout the year?

00:54:42.537,00:54:45.537

steve: Brenda you get the vaccine and let us know how that works for you my kids will not get it or wear mask if you are scared stay home

00:54:43.498,00:54:46.498

: No one*

00:54:53.087,00:54:56.087

Tracy Deavers: Yes, we will be providing my details on the Edgerton Virtual Learning and JEDI. Edgerton Virtual will look very different from this past spring

00:55:00.653,00:55:03.653

: I agree Steve!!!

00:55:09.142,00:55:12.142

Erin Smerchek: Thanks Drew. I will email you later.

00:55:14.156,00:55:17.156

Unknown: I agree too Steve!!

00:55:32.864,00:55:35.864

Becky Fjelstad: All Districts are wrestling with these difficult issues. Thank you Edgerton for your hard work and for putting safety first for our kids and staff members. Thank you for this informative presentation!

00:55:45.924,00:55:48.924

Annette Murwin: Thank you for your work on this.

00:55:57.309,00:56:00.309

Laura Phillips: Thank you for all of your hard work throughout this time period.

00:55:59.514,00:56:02.514

Beth Hardtke: If you are doing in person lessons five days a week, when will the school buildings have regular deep cleanings?

00:56:03.623,00:56:06.623

Rachelle Purington: Drew, I was wondering about that too. I figured that I would connect with school if the decision is for everyone to be online learning. If there could be speech therapy or math tutoring for my kids.

00:56:29.253,00:56:32.253

Jennifer Delgado: Does this mean no miles guidelines for bus riders

00:56:30.876,00:56:33.876

Nicholas Guerra: Can you tell us your custodial staffing levels currently please

00:56:34.782,00:56:37.782

Tracy Deavers: Our deep cleanings will occur every night and on the weekends. We will also take advantage of days off to ensure cleaning

00:56:35.764,00:56:38.764

Cassandra Riley: Can we have temperature and symptom screenings before students enter?

00:56:35.981,00:56:38.981

Drew Wellman: Rachelle - please reach out to me and we can discuss your particular situation

00:56:40.761,00:56:43.761

Julie Satterlee: I'm concerned as well because my younger daughter doesn't do well with all online. I really expected the option of part time in school

00:56:41.561,00:56:44.561

Elizabeth Lamont: So to clarify: our options for our kids are full in-person learning or full online learning? Nothing in between?

00:56:59.272,00:57:02.272

: Thank you for putting this presentation together. This is a very challenging situation for everyone. Your communication efforts are much appreciated.

00:57:00.250,00:57:03.250

Morgen Teal: Thank you for keeping us as informed as we can be.

00:57:03.096,00:57:06.096

Tiffany Olson: I am so disappointed in some of these comments. So disrespectful. Thank you for all your time and hard work trying to figure this out.

00:57:24.875,00:57:27.875

Rachelle Purington: Please keep your comments and opinions to yourself regarding safeguards being good or bad for you.

00:57:25.938,00:57:28.938

Unknown: When are we going to have ACTUAL answers so we can look at other options.

00:57:26.456,00:57:29.456

Amanda Reiner: Is there going to be an option with both virtual and classroom? I'm not comfortable sending 5 days/week.

00:57:29.965,00:57:32.965

: What about setting up a tutor system to teach small groups in their home?

00:57:41.091,00:57:44.091

Tracy Deavers: Elizabeth-There is an in between as you can choose an online option but attend certain classes at the school if you would like.

00:57:46.061,00:57:49.061

Kimberly Dimmer: My child really needs his esp assistance in class and some help if he has to stay home. It is challenging.

00:57:47.024,00:57:50.024

Amanda Lyga: Agree with Amanda I'm in the same boat

00:57:50.665,00:57:53.665

Annette Murwin: Agreed Tiffany

00:57:56.411,00:57:59.411

Logan Hanson: Some of these comments are ridiculous! Thank you for your hard work in making sure everyone is accommodated!

00:58:02.416,00:58:05.416

cdbreunig477@gmail.com: With split custody issues can a family do both virtual and in person per each parents placement?

00:58:20.306,00:58:23.306

Rachelle Purington: I'm sure the people were telling the others commenting about politics, not the school staff. Thanks for addressing that though.

00:58:43.006,00:58:46.006

Beth Hardtke: Dr. Pauli, I'm seeing an astounding amount of politicized thought regarding these procedures. I am not convinced you will be able to enforce mandatory policy with some of these parents. Will you force them to stay home? Will you consider making schools virtual until parents agree to mandatory standards?

00:58:49.999,00:58:52.999

Nikole Johnsen: Thank you Dr. Pauli and team I hope the district uses science to guide how we return to school.

00:58:59.191,00:59:02.191

Bill Pitera: Ty

00:59:08.798,00:59:11.798

Cassandra Riley: What if we had Wednesdays as a designated virtual learning day so the school could be deep cleaned mid week? So attendance in person would be 4 days and deep cleaning mid week?

00:59:14.292,00:59:17.292

Unknown: Will parents be allowed to enter the schools?

00:59:36.832,00:59:39.832

Drew Wellman: We're trying to limit visitors as much as possible

00:59:42.962,00:59:45.962

TINA: I have an incoming 9th grader and wonder what the best solution is for my kid. Virtual learning was ok, but my kid does much better with teacher - student learning. I do worry about Covid though. Wonder if I'm alone on this...

00:59:49.626,00:59:52.626

: School should stay the way it's always been and everyone that's scared stay home?

00:59:53.758,00:59:56.758

Molly Vierck: Wow. That is remarkable! Thank you for your flexibility.

01:00:06.637,01:00:09.637

Morgen Teal: Not alone Tina!

01:00:14.054,01:00:17.054

Kristina Miller: Yes, please allow movement between models. Thank you so much for information and hard work.

01:00:21.395,01:00:24.395

Jennifer Delgado: So a person within a 2 mile radius would have bussing available?

01:00:23.563,01:00:26.563

Marie Pike: Thank you for using science, and not opinion, to determine how the district moves forward.

01:00:35.975,01:00:38.975

Hailey's Life: This is wonderful information. Could you explain the blended learning option a bit more?

01:00:42.746,01:00:45.746

Kimberly Dimmer: Tina, so many are in the same boat.

01:01:10.915,01:01:13.915

Jennifer Delgado: Will there be temp checks on staff and students

01:01:17.947,01:01:20.947

Jaime Manier: Yes! You choose to send your child to school, that is your choice. Just like going out.

01:02:24.018,01:02:27.018

cdbreunig477@gmail.com: Perfect examples thank you...

01:02:28.250,01:02:31.250

Cassandra Riley: Thank you for clarification on the blended options

01:02:31.395,01:02:34.395

: That sounds good

01:02:34.167,01:02:37.167

Hailey's Life: Thank you

01:02:45.397,01:02:48.397

steve: Plain and simple the kids should be in school five days a week, no mask etc sports transportation if you are scared or feel they or you have health concerns keep your kids at home simple i think the parents voted and they should listen to the majority

01:02:48.744,01:02:51.744

Paul Bahr: Will this recording be available for viewing later?

01:02:51.192,01:02:54.192

Morgen Teal: Thank you for clarifying those options

01:02:57.705,01:03:00.705

: It's recording

01:03:08.945,01:03:11.945

Austin Radtke: I feel there is a big concern regarding childcare if we have a 4 day school week? How would you address?

01:03:22.861,01:03:25.861

Julie Satterlee: Unfortunately the blended would be impossible for any working parent

01:03:35.836,01:03:38.836

Tracy Deavers: This recording will be available on the District Website along with the Chat

01:03:36.436,01:03:39.436

Jaime Manier: This is such an amazing school district and town to live in. ❤️

01:03:46.317,01:03:49.317

: 👍👏

01:03:48.012,01:03:51.012

Erin Smerchek: No matter what happens, this year will be disruptive. Thank you for being honest with that and trying to minimize it.

01:03:55.928,01:03:58.928

: 👍👍👍👍

01:04:03.639,01:04:06.639

Ryan Foley: Dr. Pauli, I'm sorry, but your final statement of a "goal" is the most frightening of all.

01:04:04.414,01:04:07.414

Michael Martin: If you're not going to keep track of social distancing. Then why go through all this work in the first place?

01:04:11.997,01:04:14.997

: We need to just ride the wave

01:04:17.451,01:04:20.451

Teresa Dixon: Are there enough desks that each child - especially in static elementary groups can have their own desks to keep supplies and keep distanced but not have to carry supplies daily?

Are there needs that the school district has that we can donate/fund drive for? Such as masks, sanitizer, etc?

01:04:30.017,01:04:33.017

Kristina Miller: 100% Jaime!! It's the reason why we chose to live in Edgerton

01:04:51.051,01:04:54.051

Amanda Reiner: Are you going to have another Town Hall?

01:04:52.572,01:04:55.572

Tiffany Olson: Everyone keeps talking about the kids, but there are 100's of teachers and staff that this all effects as well.

01:04:59.370,01:05:02.370

cdbreunig477@gmail.com: Lunch's?

01:05:06.741,01:05:09.741

Steve Hazzard: Sorry, maybe you addressed and I missed. Can students learning virtually still participate in extracurricular events?

01:05:12.916,01:05:15.916

Beth Hardtke: When will we get more detailed information on each of these options as in what will in person look like, edgerton virtual option and JEDI look like?

01:05:40.149,01:05:43.149

Drew Wellman: Steve - yes

01:05:43.846,01:05:46.846

Tracy Deavers: Great question Steve-Yes. If students attend virtually, students can still fully participate in extra curriculums and athletics

01:05:51.997,01:05:54.997

Jennifer Delgado: Please clarify bussing ALL students can ride or only after 2 mile guidelines

01:05:55.856,01:05:58.856

Molly Vierck: cc]oo

01:05:58.118,01:06:01.118

Molly Vierck:]\

01:06:11.491,01:06:14.491

: Nice!

01:06:12.057,01:06:15.057

Charity Zych: Please build your children's immune systems everyone!

01:06:14.345,01:06:17.345

Lori Moore: Wonderful

01:06:16.437,01:06:19.437

Amy Langer: Can students alternate between Edgerton in person and Jedi? Or is Jedi considered a separate school district from Edgerton?

01:06:24.933,01:06:27.933

Erica Anderson: If you choose to homeschool can they participate in extracurriculars?

01:06:31.257,01:06:34.257

steve: What is the deadline for home school option if you decide to make mask mandatory cause my kids will not wear mask

01:06:31.533,01:06:34.533

Steve Hazzard: Thank you!

01:06:33.573,01:06:36.573

Nicholas Guerra: How can you do a better job cleaning if you maintain the same size custodial staff? There's no way in previous years you would need to disinfect as much as you will this year.

01:06:56.071,01:06:59.071

Ryan Foley: I would have loved to hear about further supports that kids could access while such a unique situation is in our midst. Some districts are already in the process of hiring staff to cope with the unknowns.

01:07:09.092,01:07:12.092

Cassandra Riley: Yes please clarify bussing guidelines

01:07:09.797,01:07:12.797

Teresa Dixon: Are you 501c3 for financial donations?

01:07:09.934,01:07:12.934

: If you choose to homeschool can they participate in extracurriculars?

01:07:20.390,01:07:23.390

Lori Moore: Can my child bring his own soap and wipe?

01:08:00.639,01:08:03.639

TINA: These virtual meetings are great in my opinion.

01:08:03.809,01:08:06.809

Drew Wellman: Lori - we will have plenty of soap and wipes for all kids. Anything special would need to be done in collaboration with the school nurse

01:08:05.114,01:08:08.114

Beth Hardtke: If you do choose Jedi is the district committing to that being an option after the pandemic if it works for families?

01:08:15.925,01:08:18.925

Drew Wellman: Beth - yes

01:09:35.921,01:09:38.921

Beth Hardtke: How will dropoffs and pickups work if parents are transporting? There are quite the crowds normally.

01:09:37.862,01:09:40.862

Lori Moore: DREW So as long as it come from doc?

01:09:59.619,01:10:02.619

Drew Wellman: Lori - please reach out to me and we can discuss

01:10:02.890,01:10:05.890

Jennifer Delgado: Temp checks

01:10:03.683,01:10:06.683

Thad Andrews: can you teach online like these meeting?

01:10:36.260,01:10:39.260

Tracy Deavers: This past spring and for summer school, we have taught using Google Meet and Zoom

01:10:46.926,01:10:49.926

Beth Hardtke: When will we get more information on these options? July 27? Sometime beforehand?

01:10:47.708,01:10:50.708

Cassandra Riley: Can social distance markings be made when kids are waiting to enter school, lunch line, library, etc?

01:10:49.050,01:10:52.050

Jennifer Delgado: Will there be temp check?

01:10:55.810,01:10:58.810

Drew Wellman: Beth - good question. we'll be keeping an eye on this and can further discuss, at this time we haven't made any changes to drop off or pick up

01:11:16.553,01:11:19.553

Morgen Teal: This meeting is very helpful. Thank you ALL for reaching out and working so hard.

01:11:19.652,01:11:22.652

Tracy Deavers: Cassandra-We are looking at different ways to mark social distancing markings in these high traffic areas

01:11:25.152,01:11:28.152

steve: What about home school deadline when is it

01:11:29.772,01:11:32.772

TINA: Quick question - would online learning be like Zoom where you actually see the teacher and learn that way? Sorry, I'm new to this online stuff.

01:11:55.185,01:11:58.185

Unknown: Masks for kids?

01:11:55.947,01:11:58.947

Tiffany Olson: There is no deadline, Steve. You can choose to homeschool your kids at any point.

01:12:04.237,01:12:07.237

Julie Satterlee: Can classrooms all be available like this. Our kids could physically be in school some days and following along online during class times on other days

01:12:08.386,01:12:11.386

Tracy Deavers: If you are going to home school, there is paperwork to file with DPI. We will be sharing out our survey with you on July 28th and you will have until Aug 5th to share your decision with us

01:12:32.671,01:12:35.671

Tracy Deavers: Tina-Yes, online learning is using tools like Zoom or Google Meet to teach

01:12:33.534,01:12:36.534

Michael Martin: Sometimes the disinfectant that is use does smell and could irritate people

01:12:36.132,01:12:39.132

Nicholas Guerra: Since you won't answer questions on custodial staffing, will you please tell me how cleaning will be different this year

01:12:38.972,01:12:41.972

Beth Hardtke: How can you rely on parents reporting symptoms when clearly some folks have ideological issues with the COVID-19 pandemic?

01:12:59.011,01:13:02.011

Jennifer Delgado: Thanks for your info

01:13:02.521,01:13:05.521

Cassandra Riley: Beth Hardke great question

01:13:08.989,01:13:11.989

Tiffany Olson: Tina, I agree. I think a teacher coming online to teach their subject, just like they would if there were kids in the classroom is a great idea.

01:13:10.174,01:13:13.174

Erin Smerchek: Beth- I agree. So many parents "drug and drop"

01:13:29.259,01:13:32.259

Jennifer Morovic: Beth, that is my concern as well.

01:13:40.139,01:13:43.139

Julie Satterlee: Thank all of you for your hard work. I know it isn't easy

01:13:44.227,01:13:47.227

Unknown: So we are not going to find out until after July 27th about what school will look like, but we have to share a decision on August 5th to homeschool??

01:13:46.975,01:13:49.975

April Spigarelli: Yes, another vote to please look at Beth's comment!

01:13:49.644,01:13:52.644

Michael Martin: Thanks everyone!

01:13:53.569,01:13:56.569

Jon Lamb: Beth, most kids are asymptomatic, so no worries

01:13:53.754,01:13:56.754

Jennifer Delgado: Will there be truancy issues for missing more than 10 days

01:13:57.572,01:14:00.572

Cassandra Riley: Thanks to the district for all your work trying to navigate our students and our community through this pandemic

01:14:00.320,01:14:03.320

Eric Robinson: Thank you for the continued work on this.

01:14:11.008,01:14:14.008

Jennifer Morovic: Thank you for your work on this.

01:14:14.812,01:14:17.812

Lori Moore: Thank you for taking time out. To keep us posted!!

01:14:28.898,01:14:31.898

Teresa Dixon: Thank you!

01:14:34.754,01:14:37.754

April Spigarelli: Thank you for allowing an open forum like this. Communication is key in protecting our community.

01:14:35.999,01:14:38.999

Meredith Stensven: Thank you!

01:14:43.840,01:14:46.840

Amanda Millard: Thank you Edgerton School District!

01:14:46.122,01:14:49.122

Logan Hanson: Thank you!!

01:14:47.698,01:14:50.698

Steve Hazzard: Thanks - Hang in there!

01:14:51.219,01:14:54.219

Hailey's Life: Thank you!

01:14:55.319,01:14:58.319

Nicole Seyfarth: Thank you!

01:14:57.065,01:15:00.065

Sue Rusch: Thank you!

01:15:00.786,01:15:03.786

Laura Heinecke: Thank you!

01:15:00.972,01:15:03.972

Molly Vierck: Thank you all for what has been, no doubt, hard work and conversations. I appreciate your dedication to the students and their mental and physical health.

01:15:04.465,01:15:07.465

Monica Leikness: Thank you!

01:15:13.315,01:15:16.315

Erica Anderson: Thank you

01:15:25.029,01:15:28.029

Joseph Bentancur: thank you for all of the information and all you do

01:15:25.983,01:15:28.983

Amanda Lyga: Thank you for all your hard work and time!

01:15:27.977,01:15:30.977

Kimberly Dimmer: Thank you!

01:15:28.104,01:15:31.104

Cassandra Riley: Can you post the website in the comments where this will be posted?

01:15:32.913,01:15:35.913

Jon Lamb: Thank exec staff. This is a tough time and new for all of us.

01:15:33.821,01:15:36.821

Thad Andrews: Thank You

01:15:38.656,01:15:41.656

Amber Pearson: Thank you!

01:15:59.148,01:16:02.148

Tracy Deavers: Please visit www.edgerton.k12.wi.us tomorrow to access the recording of this town hall as well as the chat

01:16:00.062,01:16:03.062

Stephanie Gassen: Thank you!!

01:16:06.397,01:16:09.397

Michael DeVries: Once a vaccine is developed, will it be required for attendance?

01:17:02.000,01:17:05.000

Cassandra Riley: Vaccine wouldn't be available for this school year and it would be like mandatory flu vaccines. I don't think it would be mandatory like smallpox, tdap, etc
