

**ACP Portfolio Completion Standards
Edgerton High School
2019-20**

Academic and Career Planning, or ACP, is a student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post secondary success. This is obtained through self-exploration, career exploration, and the development of career management and planning skills. Students in grade 6-12 will work on this plan by completing yearly expectations so that upon graduation, they have a complete plan. The following document outlines the expectations for your child's grade level. Students will record the evidence of completion in Xello and progress will be verified at ACP progress meetings in Homebase.

ALL STUDENTS (Grades 9-12) will complete the following ACP activities in Homebase:

- Career Matchmaker
