Student name: _____ Year in school: _____

Home telephone number: _____ Cell# _____

Dates of anticipated absence: _____ to _____

Reason for anticipated absence: _____

Families should carefully evaluate taking students out of school for vacations. While a family vacation can be a great learning experience, being absent from school may create some learning problems. Remember that the responsibility for makeup work rests with the student.

I, the parent/guardian of the above named student, accept the conditions described in this absence form.
